Re: Waste Shipment Notification
East Palestine Train Derailment Site
East Palestine, Ohio

Dear Ms. McIlwain,

Pursuant to Section 46 Paragraph (b) of the Unilateral Administrative Order (UAO) issued by the United States Environmental Protection Agency (USEPA), Norfolk Southern Railway Company (NSRC) is required to provide written notice to an appropriate state environmental official in the receiving facility state prior to shipping waste material. NSRC intends to ship waste material to Clean Harbors Baltimore Facility (EPA ID No. MDD980555189) located at 1910 Russell Street Baltimore, MD for treatment. Following treatment, the wastewater will be shipped to Clean Harbors Cleveland Ohio Facility (EPA ID No. OHD000724153) for final disposal. NSRC has contracted Clean Harbors to dispose of the waste material. NSRC intends to ship approximately 75,000 gallons a day of hazardous wastewater by rail or truck starting on or after April 29, 2023. If you have any questions, please feel free to contact me directly.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'D Hunt'.

Daniel Hunt, P.G.
Senior Manager Environmental Remediation
